RAIL HEAD DIES

JOHN J. BERNET

DEATH TAKES JOHN J. BERNET

C & O and Pere Marquette President Stricken in Cleveland Today

By The Associated Press CLEVELAND, July 5.—John J. Bernet, president of the Chesapeake & Ohio and Pere Marquette railroads and chief advisor to the Van Sweringen brothers, died today at his home after a short illness. He was a former president of the Erie railroad.

Mr. Bernet had realized his boyhood ambition he would have been a blacksmith as was his father. He tried his hand at it until the day he was told by his father to try something else.

John headed his father's advice turned to railroad work and eventually became president of the Chesapeake & Ohio to which he was chosen in 1929. Mr. Bernet became the right hand man and chief railroad advisor to the Van Sweringen brothers of Cleveland in their effort to merge a number of railroads into one vast system of some 15,000 miles.

Mr. Bernet was 50 years of age and had been in the railroad business for 25 years. He was a member of the Erie, C. & O. and P. M. railroads and was a director of the Erie, C. & O. and P. M. railroads.

He was a member of the Erie, C. & O. and P. M. railroads and was a director of the Erie, C. & O. and P. M. railroads.

PLAN TO REDUCE TAX BOARD COST OFFERED

Other Recommendations

creation by legislative action. The position of excise tax authority with respect to coordination with other administrative agencies and the emphasis is on all tax law.

That the tax commission function in an interpretative quasi-judicial and policy-making capacity and that the board of tax appeal.

That valuation and excise tax divisions be created within the commission so as to simplify tax collection from and eliminate red tape and duplication of effort.

That travel expense would be reduced by coordination of effort.

That field men be residents in the territory in which they work with a view to conserving time as well as travel and maintenance expenses.

That all employees engaged in a assessment of tax or who handle money be bonded and

That all offices of the commission here be concentrated in one central location

The survey recommended that with adoption of its program the 1925 appropriation of \$2341,999 for the commission be cut to \$1665,599 (other savings to be gained by reorganization) the report said, totaling \$198,999 selling the operating cost of the commission at \$1410,000

Cites Other States

In 17 other states the survey said the gasoline evaporation allowance to dealers was one percent. In 11 no allowance is made. Present evaporation allowances total more than \$200,000, of which \$994,000 or per cent is returned to the states' 25 largest dealers.

The survey recommended that the suggested executive tax administrator supervise budgets appropriations, purchase requisitions, interdepartmental accounting and inventory records.

The tax situation in Ohio has become so involved and complicated by the enactment of new tax

The administrator the survey said should organize his staff from the classified service.

LAWYERS PUSH FIGHT TO SAVE HAUPTMANN

Supplemental Brief Attacks Kidnaping Conviction on New Points

By The Associated Press
TRENTON, N. J., July 3 (AP)—Lawyers for Bruno Hauptmann, the man charged with the kidnaping of Edward G. Bremer, today pushed their fight to save him from the electric chair by filing a supplemental brief in the federal court here.

The brief, filed by the late Arthur J. Egan, who represented Hauptmann in his first trial, attacks the conviction on new points. It claims that the government failed to prove that Hauptmann was the man who kidnaped Bremer.

The brief also claims that the government failed to prove that Hauptmann was the man who was seen at the Bremer home on the night of the kidnaping.

The brief also claims that the government failed to prove that Hauptmann was the man who was seen at the Bremer home on the night of the kidnaping.

WAGNER LABOR BILL SIGNED BY PRESIDENT

(Continued from Page One)

The national labor relations board will be an independent quasi-judicial body. It should be clear to everyone that it will not act as mediator or conciliator in labor disputes.

The function of mediation remains under the act the duty of the secretary of labor and of the conciliation service of the department of labor.

It is important that the judicial function and the mediation function should not be confused.

Compromise, the essence of mediation, has no place in the interpretation and enforcement of the law.

This act defining rights the enforcement of which is recognized by the congress to be necessary as both an act of common justice and economic advance must not be misinterpreted.

It may eventually eliminate one major cause of labor dispute but it will not stop all labor disputes. It does not cover all industry and labor, but is applicable only when violation of the legal rights of independent organizations would be a cause of labor dispute.

In Must This

One of the administration's most important measures at this session of congress is the new labor law. It is the national relations bill which would set up a new national labor relations board of three members to be appointed.

It gives the labor organizations chosen by a majority of employees in a plant the right to speak for all the employees and forbids employers from interfering with the self-organization of employees.

The labor law may order employers to bargain with a union if they are a majority of employees in a plant for collective bargaining.

William Green, president of the American Federation of Labor, calls the act "the most important piece of legislation in the history of the labor movement."

KELVINATOR QUALITY

(and you know what that means)

at the lowest price in Kelvinator history

Here's the most talked about value in electric refrigeration—
a Kelvinator, the result of 21 years' experience, at a price
you would pay for an ordinary electric refrigerator—
super powered with the same type mechanism used in the
larger models. It has the same quality cabinet construction
and many of the famous Kelvinator features of design. It's a
great bargain and we will gladly show you its many features. See it before you buy.

\$99.95

ER CAUSES
MISHAPS

direct precaution as a late safety rule is followed in such cases because the motorist is the cause of the accident. The motorist seems to be least safe when he is driving under conditions which are not ideal for safety. When road and weather conditions are not ideal, accidents are most apt to occur.

As a result of a recent accident at the intersection of the highway and the highway, a car was involved in a collision with a truck. The car was driven by a man who was not wearing a seat belt. The truck was driven by a man who was not wearing a seat belt. The accident resulted in the death of the man who was driving the car.

The accident occurred on the highway at the intersection of the highway and the highway. The car was driven by a man who was not wearing a seat belt. The truck was driven by a man who was not wearing a seat belt. The accident resulted in the death of the man who was driving the car.

UNDER
WINE

Woe unto the drunken and reckless driver however. Six hundred and forty accidents were reported to the state highway department as having occurred during the month of April on the roads outside of a municipal limit. Of these 49 were reported as drunken drivers. A total of 11 were reported as being killed and one had a physical defect.

DEPRESSION'S OVER AT OHIO WESLEYAN

By the Associated Press
DELAWARE O.—Ohio Wesleyan university officials say the depression is over. If preliminary application figures mean anything, the date of prospective freshmen have been heard from as compared with 301 the same date last year.

Itched and Burned Severely.
as Worn Out. Cuticura Relieved.

I and consequently I had to scratch, and my skin became affected with pimples. The pimples and my skin was irritated and tender. They itched and stung, but burned severely. I was so itchy that I had to scratch. I was so itchy that I had to scratch. I was so itchy that I had to scratch.

After using I could see myself getting better. After two months use I found relief from Mrs. E. Little 1223 Ohio St. Wichita, Kans.

Obtain Cuticura and 50c Talcum 25c Sold everywhere. Each free. Address: Cuticura Laboratories, Dept. D5, Malden, Mass.

BEFORE

AFTER

BEFORE AND AFTER—Honeymoon Point, on the Canadian side of Niagara Falls, is pictured, left, before a half ton of dynamite tore away 11,000 tons of rock that had been undermined and condemned as unsafe. Right, Table

Rock is shown after the blast sent the rock hurtling into the Great Gorge, more than 200 feet below. More than

50,000 persons saw the face of the cliff ripped away in this dramatic manner.

READY TO SMASH RACKETEERS

—Thomas F. Dewey, accepting appointment as special vice prosecutor for New York City, prepares to test his strength against organized crime in the metropolis. Dewey made a favorable record as U. S. assistant attorney in New York, thus was recommended to Governor Herbert H. Lehman, who stepped in when District Attorney Dodge of New York county failed to act against crime.

CONFESSES

Candid camera catches William Schwelitzer, alias Ferris, in various moods in cell. The Detroit racketeer later confessed, following 72 hours of grilling that he had shot Howard Carter Dickinson, New York attorney, because he would not put up his hands in a robbery, Detroit police say.

SENSITIVE SKIN—Gloria De Noble, 11, of Cleveland, has such sensitive skin that Edward Tomba, 7, Gloria's cousin, sometimes uses Gloria's shoulder upon which to do his homework in arithmetic.

CHILDREN SAVED AS FIRE SWEEPS AMUSEMENT PARK—Fifteen hundred children were led to safety when fire swept through a part of Palisades amusement park, across the Hudson river from 125th street, New York. New Jersey cities rushed fire apparatus to the scene.

Fashions of the Fashionable

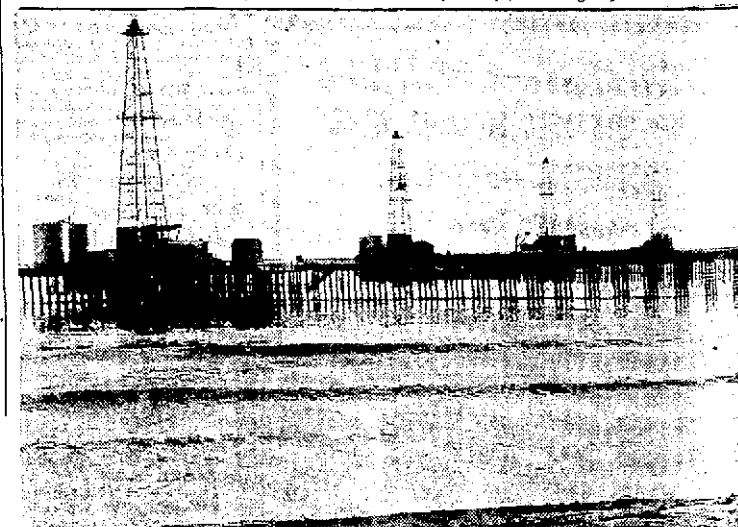

WHAT SOCIETY WEARS AT BEACH—The monks' cowl cape finds favor at Atlantic Beach, L. I., with Miss Eileen McNulty, left, as she strolls with Miss Arlene Whelan. Miss Whelan wears a beach costume modeled after the prevailing mode of the Tahitians. Both young women are of Garden City, L. I.

ADAM AND EVE ROMANCE CLIMAXED BY MARRIAGE—Two years ago Silas Hiatt, then 38, and Dorothy Sands, then 17, were found living almost a primitive existence in a cave at Mt. Kisco, N. Y. The law stepped in. Hiatt was convicted of assault, largely on the girl's testimony, and although she wept bitterly, he was sent to prison. Following his release, the former California war veteran rewooed the girl. And now they have been married by the Rev. C. Lloyd Lee at Mt. Kisco. They will live at the home of the bride.

"PARTY GIRL" TELLS OF SLAYING—Jean Miller, one of three "party girls" held as material witnesses in the slaying of Howard Carter Dickinson, New York attorney, in Detroit, is pictured just after breaking under the grilling of Detroit police. The girl said that Dickinson was killed by William Swelzer, alias Ferris, hotel habitue, in a robbery attempt, according to police.

TAKING OIL FROM THE OCEAN—Remarkable ocean panorama at Ventura, Cal., shows oil well drilled into the sea more than a quarter mile from the shore line. The discovery was made by fishermen who noticed oil bubbling to the surface.

FIRST OF 60,000 RECRUITS—Among the first of 60,000 young Americans invited to enlist in the United States army and navy are pictured being examined at recruiting headquarters in New York. The new strength was authorized by appropriation of \$560,000,000 for fiscal year beginning July 1.

It takes
EIGHT CYLINDERS
to give
MODERN CAR PERFORMANCE

... the FORD V-8 has modern riding comfort, too

EIGHT CYLINDERS best supply the power, acceleration, speed and all around economy that Ford has taught motorists to expect in a low price car. And the Ford is powered by a V type eight-cylinder engine—the finest type of eight-cylinder engine made.

To get this type of engine in any other car you have to pay at least \$2000. But with a Ford you step up into fine-car performance, comfort and beauty—without stepping up a dollar in price.

In the 1935 Ford V-8 you ride nearer the center of the car... on longer, more flexible springs. Weight is distributed to give Center-Poise. The ride is almost unbelievably smooth on any kind of road.

Your Ford Dealer invites you to find out about Ford V-8 performance and riding ease, first hand, by driving the car he is prepared to put at your disposal. Drop in and make an appointment. No obligation.

\$495 and up f o b Detroit. Standard accessory group including bumpers and spare tire, extra. All body types have safety glass throughout at no extra cost. Small down payment. Convenient, economical terms through Universal Credit Company.
